BOOK SYNOPSIS

The sickness came into the center of her belly and lay there like a tumor. They've been cloning girls. Not just messing with DNA. But creating them. Selling them. The world famous cosmetic surgeon, Dr Wilfred Icove, has been found dead - a cold, brutal scalpel to the heart. He is a man with nothing to hide, but when Lieutenant Eve Dallas exposes Dr Icove's patient records, a distressing image appears. Eve's trail leads to an exclusive boarding school for girls. A strange, isolated place where everything seems perfect. A little too perfect. And when the main benefactor turns out to be a genius geneticist, Eve readies an attack. With the girls nearing perfection and the men nearing insanity, Eve suspects something truly horrifying is happening . . .
