BOOK SYNOPSIS

BONUS: This edition contains an excerpt from Elizabeth Berg's *Once Upon a Time, There Was You*. Uncomfortable with the fit of her life, now that she's in the middle of it, Nan gets into her car and just goes--driving across the country on back roads, following the moon; and stopping to talk to people. Through conversations with women, men, with her husband through letters, and with herself through her diary, Nan confronts topics long overdue for her attention. She writes to her husband and says things she's never admitted before; and she discovers how the fabric of her life can be reshaped into a more authentic creation.
